

International Journal of Management and Enterprise Development (IJMED)

Introduction: IJMED is a major international research journal dedicated to business development strategy and entrepreneurship policy as well as management processes in an international and cross-cultural context. IJMED provides a venue for high-quality research papers, evidence-based case studies and practical applications seeking to explore best practice and investigate strategies for rapid growth management in SMEs. IJMED has a history of contributing to the academic literature, providing conceptual and practical insights and generating innovative ideas for an organizational enterprise. IJMED is indexed in Scopus (Elsevier), Asian Digital Library, Business Source Premier (EBSCO), Expanded Academic ASAP (Gale), and Business Collection (Gale).

Scope: IJMED scope covers the following areas.

- Technological opportunities, new firm creation, valuation
- Technological adoption, technology transfer
- Business incubator development strategy
- Economic and social entrepreneurship
- Virtual services for SMEs
- SMEs and entrepreneurship policy
- Start-up cognitions/behaviours
- Long-run technology investments
- Knowledge management/technology strategy in SMEs
- Managing rapid growth, accelerating competitive effectiveness
- Entrepreneurs in the non-profit sector
